ANNUAL
REPORT OF COUNTY TREASURER

—AND—
COUNTY COMMISSIONERS

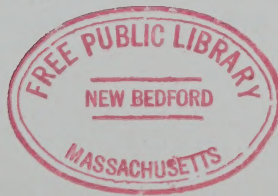

For the Year Ending December 31, 1960

PUBLISHED IN COMPLIANCE WITH THE GENERAL LAWS

TAUNTON PRINTING CO.

TO THE CITIZENS OF BRISTOL COUNTY:

I have the honor to submit the accompanying report of the Receipts and Expenditures of Bristol County for the year ending December 31, 1960.

The report of the County Commissioners follows the Treasurer's report, both being printed in this form to comply with the General Laws of Massachusetts.

County Accounts are examined once a year by the State Auditors of the Department of Corporations and Taxation, Division of Accounts, State House, Boston, Mass.

Respectfully submitted,

ERNEST W. KILROY,

County Treasurer.

REPORT OF TRUSTEES

The hospital year, as far as the trustees were concerned, was fraught with the usual impeditions created by the efforts of one political group or the other: the Bristol County Commissioners to regain control of the hospital and the state Department of Public Health to ultimately close it.

Pursuant to the latter the trustees petitioned for a license to operate the institution for the treatment of chronic diseases.

Subsequently the Division of Hospital Facilities said that the physical aspects of the hospital buildings were obsolete and to make them adaptable many changes would be required. These changes included accommodations and equipment, room furnishing and bedside equipment, changes in service rooms, enlargement of diet kitchen, ventilation of laundry, expansion of the radiology department and reorganization of the pharmacy.

All of these facts were reported to a meeting of the mayors and the Boards of Selectmen of the communities that constitute the hospital district. Also the officers of the Bristol County Health Association.

All concurred that the trustees should request that the Bristol County Hospital be excluded from proposed legislation that would eventually lead to its closure as far as the treatment of tuberculosis patients was concerned.

During the year the board faced two crises concerning failure of hospital facilities: the filter beds of the sanitary sewage system and the high pressure boiler. Neither was a surprise. The filter bed had become inoperative on several occasions and temporary repairs had been made. The failure of the system in November was considered serious enough to require the services of an expert. A sanitary engineer, Mr. Paul Manter, Jr., of Taunton, determined that a major reconstruction project should be undertaken and it was decided to ask the legislature for an appropriation of \$5,000.00

Almost identical was the report concerning the boiler, a vertical installed in the hospital in 1946. Once or twice annually for the past several years some part of the boiler had been welded. A representative of the New Bedford Boiler and Machine Co., Inc., confirmed reports of inspectors that the life of the metal in the boiler had been expended and that welding would no longer serve any good purpose. The board thereupon decided to ask for funds for a new boiler.

No report of the trustees would be complete without mention of the

many faithful years of service given the hospital by Miss Mary Lennon, R. N., who retired on April 30th, as night supervisor.

Also the services of George F. Dustin of Mansfield, who completed a term as trustee in May, when Michael J. O'Leary of Fairhaven succeeded him.

FRANCIS McKEON,
MICHAEL J. O'LEARY,
CLARENCE D. ROBERTS, Chairman.

REPORT OF THE SUPERINTENDENT

I hereby submit the annual report of the Bristol County Hospital for the year ending December 31, 1960.

CENSUS

Number of patients in hospital Jan. 1, 1960	61
Number of patients admitted	79
Number of males	53
Number of females	26
Highest daily census	67
Lowest daily census	53
Average daily census	61
Total number of hospital days	22,355
Average age of patients	59
Average age of males	58
Average age of females	59
A total of 87 patients was discharged

Average of Non. Tb. cases	65
Average length of stay of all cases	193 days
Average length of stay of Tb. cases	273 days
Average length of stay of Non. Tb. cases	148 days

There were 6 deaths among the tuberculosis group of patients of which 4 were due to non-tuberculosis disease. The remaining deaths occurred in the non-tuberculosis cases. A large percentage of our cases were in the older age brackets and many of these were admitted in extremis or in the terminal stage of illness.

The care and treatment of such cases is a necessary function and duty and not to be regarded as of minor importance. With proper management and suitable medication the elderly ill patient may have his life prolonged and made easier and more endurable. Out of a total of 25 deaths, 10 or 40% came to autopsy.

During the year Miss Mary Lennon, Assistant Superintendent of Nurses, retired after 26 years of faithful and devoted service to the hospital. Miss Lennon was highly esteemed and respected by her fellow workers and by patients. We wish Miss Lennon happiness in her retirement.

TREATMENT

A total of 140 patients was under treatment during the year. All cases of active tuberculosis received anti-microbial drug therapy.
